

Intelligent Car Parking Boom Barrier Gates 6 Meter Max Length for Vehicle Access

Our Product Introduction

for more products please visit us on automaticbarriersgates.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: CBG, CBG
- Model Number: 18B
- Price: \$360.00/sets 1-99 sets
- Supply Ability: 5000 Piece/Pieces per Month

Product Specification

- Max Length Of Boom: 6 Meter
- Voltage: DC24V
- Insulation Class: F
- Warranty: 2 Years
- Operation Lifetime: ≥ 5 Million Times
- Output Power: 140W
- Feature: Durable
- Altitude: 1000M Or Lower
- Special Features: Waterproof / Weatherproof
- Port: Shenzhen
- Highlight: 140w boom barrier, 1000m boom barrier, 140w automatic barrier gate

Products Description

6 Meter Max Length Intelligent Car Parking Boom Barriers Gates for Vehicle Access

A boom barrier is defined as an automatically controlled or manually operated gate made of a horizontal bar hinged at a certain point. It is automated and mechanical, controlling traffic in and out of certain locations. This arm raises and lowers, granting or restricting access to a designated area.

18B Motor Parameters

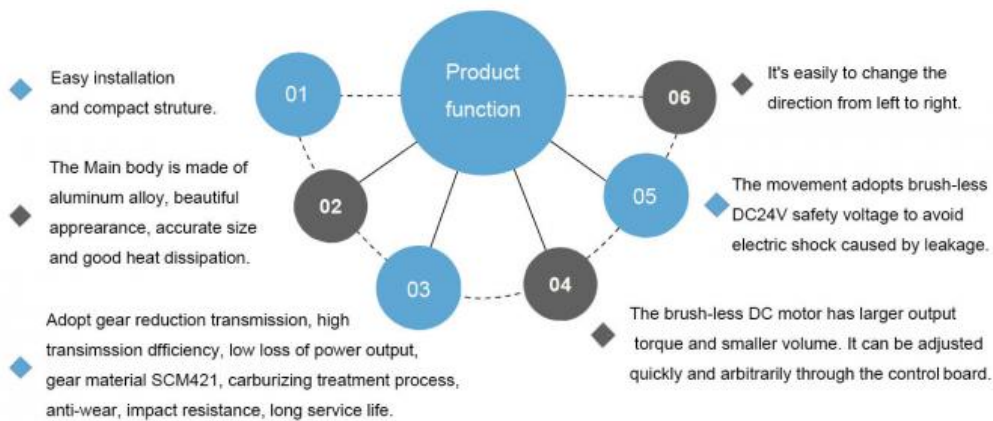

Voltage:DC24V	Output Efficiency:140W	Humidity:85% or lower
Insulation Class:F	Gate Operation Time:0.3-5S	Altitude:1000 Meter or lower
Current:6A	Operation Lifetime:>=5million times	Temperature Range:-40°C to +60°C (temperatures below -20°C require a heating element)

Applications: Generally suited for controlling gates leading to highways and expressways, as well as vehicle-plate reading systems for gated communities and commercial parking lots.

Interior Structure

► Functions & Features

Different color to choose

Max length of boom is 6 Meter

Old and New Product's Difference

Before:

1) Worm gear, general appearance

2) The previous products use with Rv50 reducer and added the splint to compose the movement. The worm gear is a consumable product. After using a long time, there will be a large gap, the pole will be not stable and shake so will cause the gear reducer to grind.

3)The products mainly used with AC 220V motor, the fixed speed was not adjustable.

4) Open structure, a low degree of protection, easy to enter water.

5) AC220V.

6) During installation, needs to adjusted the magnet position to ensure the door opening angle. After a long time, the shaking will affect the limit position or the pole may be deviated downwards.

After:

- 1) Gear transmission structure, beautiful appearance, compact structure, strong overall sense.
- 2) The new products are tailor-made for this industry and the gear adopts the processing technology of worm grinding wheel grinding after heat treatment, fine rolling of hard alloy hob, etc., the accuracy grade \geq GB / T100951, 2-2001 7 level.
- 3)The new product uses with DC brushless motor to avoid the problem of carbon brush life. Adjustable speed.
- 4)The entire seal structure, high degree of protection (\geq IP55); have a rainproof capability.
- 5) DC24V(Safe voltage)
- 6) Installed the chassis, adjust the position automatically after power on, and adjust the angle of rising pole and falling pole at will.

Packing List

Case

Brush-less
DC24V motor

Straight rod

24V10A
Power supply

Brush-less DC
Control board

Receiver

Remote control

One set boom barrier's package included:

1pcs case	1pcs control board
1pcs boom arm	1pcs receiver
1pcs 24V motor	2pcs remote controls
1pcs power supply	2pcs $\Phi 5.0 \times 350$ springs

Single net weight about : 43KG(Don't include the boom arm)

Single package carton size: 108.5X38X34CM Package Type: Carton or Wooden case

Company Profile

Shenzhen Chengbang Mechanical and Electrical Industry Co., Ltd. was established in 2010, located in Guangdong China. The factory with 5,000 square meter areas and more than 50 experienced employees which supply ability is 5,000pcs per month. We achanism, Brush-less gate motor, DC brush-less single unit operating mechanism, Commercial gate operating mechanism and so on). We have strong scientific technology, first-class produced lines, advanced gear testing centers and high-precision advanced equipment, imported CNC gears which are ahead of our peers in terms of quality.

Our advantages:

1. NO MOQ limit.
2. 24 hours delivery for stock.
3. 2 year warranties.
4. 10 year experiences.

FAQ

Q: Are you wholesaler or trade company?

A: We're manufacturer of boom barrier motor and our factory is in Guangdong, China.

Q: How long is the delivery time?

A: 24 hours delivery for stock after full payment, for the bulk goods, need about 5-20 days.

Q: How about your warranty?

A: The movement's warranty is 2 years.

Q: Do you provide sample?

A: Yes, we can offer the sample for charge and freight collect.

If need more details, please don't hesitate to contact with us :-)
