

Outdoor / Indoor Turnstile Flap Barrier Gate Motor For Metro Entrance And Exit

Our Product Introduction

for more products please visit us on automaticbarriersgates.com

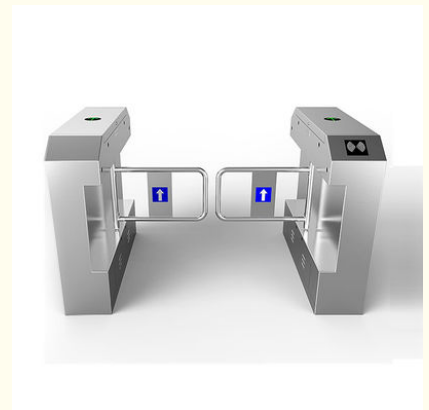

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: CBG
- Model Number: 21A
- Minimum Order Quantity: 2 pieces
- Price: \$42.00/pieces 2-99 pieces

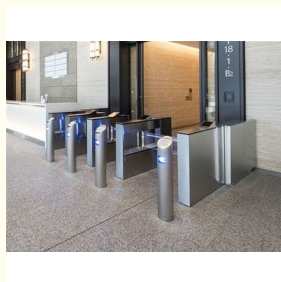

Product Specification

- Voltage: DC24V
- Motor Power: 40-60W
- Material: Aluminum Alloy
- Warranty: 2 Years
- Barrier Open Time: 0.3-1.5s
- Related Humidity: Below 85%
- Usage: Outdoor/Indoor Security
- Feature: Waterproof
- Temperature: -30-60 Degrees Celsius
- Service Life: >=5 Million
- Highlight: **Flap Barrier Gate Motor, Turnstile Barrier Gate Motor, Metro Entrance Barrier Gate Motor**

Product Description

Outdoor/Indoor Security Turnstile Motor Flap Barrier Gate For Metro Entrance And Exit

Company profile

Shenzhen Chengbang Electromechanical Industry Limited (CBG) is a manufacturer specializing in electromechanical design, R & D, manufacturing and sales, and providing 'targeted solutions' by the company's technical service center. Shenzhen Chengbang Electromechanical Industry Limited was founded in 2010. The company has been engaged in entrepreneurship for 14 years. It has attracted talents, whard, developed and innovated. After years of efforts, it has become a top brand in the industry.

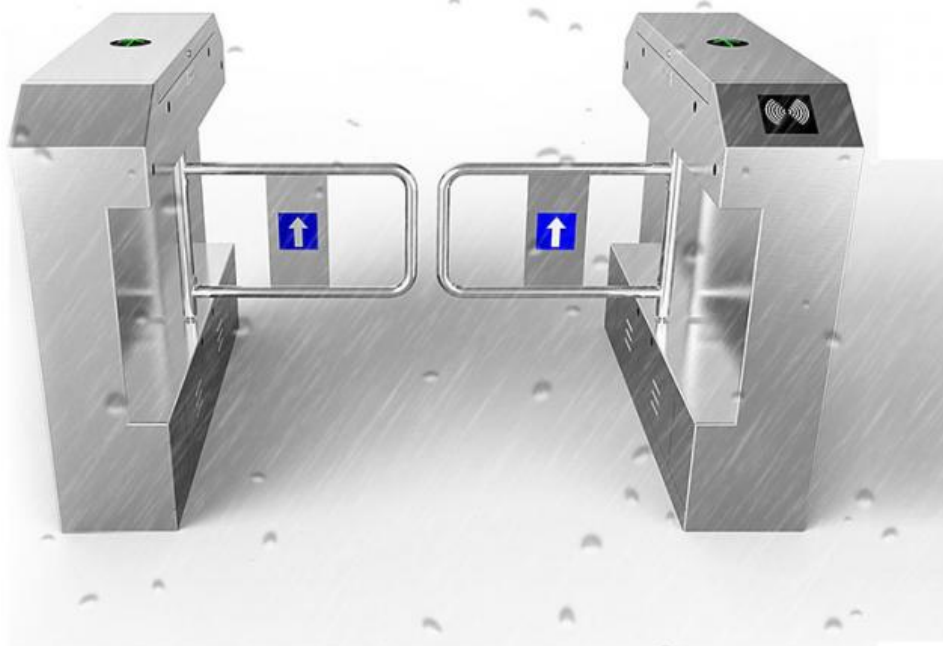

We are the most professional one-stop supply chain supplier and service provider of parking lot equipment and pedestrian access equipment in China, mainly providing our customers with barrier gate motor and customized barrier gate for over 10 years. With our effort, now there are more than 100 staffs and 3 factories.

Shenzhen Chengbang Electromechanical Industry Limited adheres to the business philosophy of "sharing the world's new technology success with you", always shares the achievements and wisdom with customers partners and employees, and implements the business strategy of "autonomy and international cooperation". Over the years, the company has continuously developed high and new technology, used a manufacturing mode close to production, and specified targeted solutions for customers in different industries such as chemical industry. The product quality and service have been highly praised by users.

Product Overview

Product display

Use indoor and outdoor
Be able to run when sunlight and rainfall
5 millions MCBF

FEATURES AT A GLANCE

COMPACT STRUCTURE
 SAFETY FRAME
 SIMPLE CONTROL
 EASY INSTALLATION
 VERSATILITY
 BEAUTIFUL APPEARANCE
 HEAT DISSIPATION
 LONG OPERATING LIFE

NEW TECHNIQUE: NO WELDING AT THE CONNECTION OF SWING ARM

No welding

No welding

01 It doesn't need to welding at the connection between the swing arm head and the swing arm

02 It's doesn't need to welding between the swing arm and bottom bearing

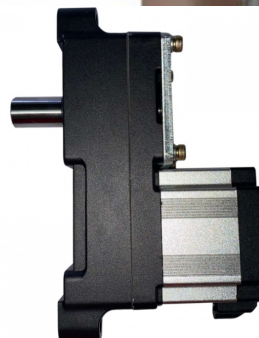

No welding effect

Need welding effect
