

140W Lifting Barrier Gate For Vehicle Parking Turnstiles Mechanism

Our Product Introduction

for more products please visit us on automaticbarriersgates.com

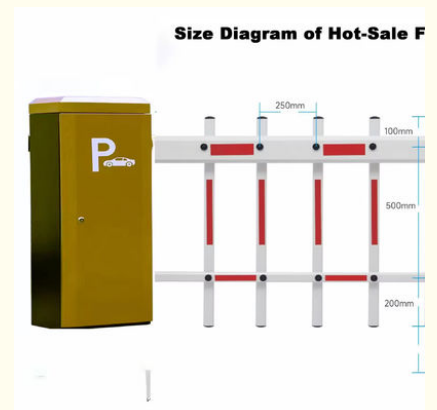

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: CBG
- Model Number: 18B-ZY2
- Minimum Order Quantity: 2 pieces
- Price: \$360.00/pieces 2-99 pieces

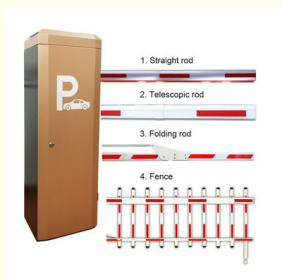

Product Specification

- Power Supply: 140W
- Voltage: 24VDC
- Current: 6A
- Open Time: 0.3-6S
- Warranty: 2 Years
- Surface Treatment: Powder Coated
- Single Package Size: 41*36*106.5cm
- Single Gross Weight: 30KG
- Operating Life: >5 Million
- Highlight: 140W Lifting Barrier Gate, Vehicle Parking Lifting Barrier Gate, Turnstiles Lifting Barrier Gate

Product Description

140W High Power Durable Lifting Barrier Gate For Vehicle Parking Turnstiles Mechanism

Product Description

Overview

Company Profile

Shenzhen Chengbang Electromechanical Industry Limited is a manufacturer specializing in the production of non-standard reducers and motors for road gates, gear reduction machines, aluminum shell motors and gate motors. We're the manufacturer of boom barrier mechanism in China more than 10 years. The current is more than 100 staffs and 3 factories. We can customize according to customer needs.

DC24V Brushless Folding Arm Boom Barrier Gate

This automatic barrier is ideal solution for control and management of parking lots, toll gates, railway stations, commercial places, pedestrian access, etc. Its max arm is 6 meters, opening time 0.3-6 seconds. Besides, a hand wheel enables you to open your gates in case of power failure. Stretchable straight arm is available. With a simple, powerful motors, and competitive factory price, this automatic barrier gate is perfect for you.

Specifications

Voltage	DC-24V
Power	140W
Arm length	1.5~6m

Remote control distance	30m
Working temperature	-40-60°C
Working humidity	<85%
Special feature	Waterproof/weatherproof

Features

1. High performance motor
2. High level water proof
3. Various kinds of color choice
4. Main body is made by die-casting process, with reliable mechanical strength and beautiful appearance view, accurate size, good heat dissipation.
5. DC24V safety voltage is adopted for the motor to avoid electric shock accident caused by electric leakage and personal injury safety is more guaranteed.
8. Perfect structure design, value every detail in the process of manufacturing.
10. Prompt and professional after-sales service and technology support.

HIGH TORQUE MOTOR

*Pure gear

*Low noise

*Open&close speed to adjustable

*Easily to change the direction

*Brush-less DC24V

*Safety voltage

*High intensity spring

*Top can be opened

Three fastest speeds to choose

Fastest speed:0.6S

Fastest speed:1.2S

Fastest speed:2.5S

DC24V motor

Straight rod

24V10A
Power supply

Brush-less DC
Control board

Receiver

Remote control

One set boom barrier's package included:

1pcs case

1pcs boom arm

1pcs 24V motor

1pcs power supply

1pcs control board

1pcs receiver

2pcs remote controls

2pcs Φ 5.0*350 springs

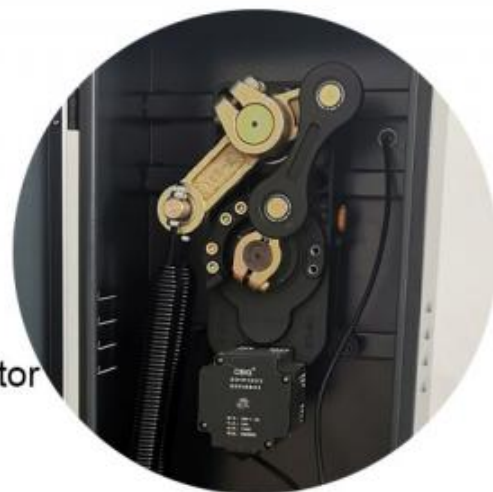

High quality motor

High intensity spring

Power supply

Control board

CBG®

Packing & Delivery

1x User Manual

1x Motor

The packaging of 18B unit motor

1.Put polyurethane foam inside

2.Cover with plastic and put the motor into the carton

3.Seal the carton with tape
