

Smooth and Secure CBG Manufactured Automatic Parking Barrier Gate with 140w Power Consumption

Our Product Introduction

more products please visit us on automaticbarriersgates.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: CBG
- Model Number: 18B-ZY
- Minimum Order Quantity: 2 pieces
- Price: \$360.00/pieces 2-99 pieces
- Delivery Time: 3
- Payment Terms: T/T
- Supply Ability: 2000 Piece/Pieces per Month

Product Specification

- Working Temperature: -30~+60
- Efficient Functionality: Brushless Barrier Motor For Smooth And Energy-efficient Gate Opening And Closing
- Power Supply: DC24V
- Motor Rated Speed: 1500r/min
- Color Options: Blue, Yellow, Gray, Red, Brown
- Usage: Road Traffic Safety
- Reliable Brand: Manufactured By CBG, A Reputable Brand In Access Control Systems
- Input Power: 220V, 56/60Hz
- Highlight: **Secure Automatic Parking Barrier Gate,
140w Automatic Parking Barrier Gate,
Smooth Automatic Parking Barrier Gate**

Product Description

Product Description:

The Automatic Barrier Gate is a top-of-the-line solution for access control barrier gate systems. With its efficient functionality and reliable rainproof protection, this product is designed to provide seamless vehicle access barriers in various weather conditions.

One of the key features of this automatic barrier gate is its brushless barrier motor, which ensures smooth and energy-efficient gate opening and closing. This not only enhances the overall functionality of the gate but also helps in reducing power consumption, making it an eco-friendly choice for vehicle gate access control systems.

With an IP55 protection rating, this barrier gate offers superior rainproof protection, allowing it to operate reliably even in challenging weather conditions. This means that you can rely on this gate to provide secure access control barrier gate functionality, regardless of the environmental elements it may face.

The Automatic Barrier Gate consumes only 140w of power, making it an energy-efficient option for vehicle access barriers. This low power consumption not only helps in reducing energy costs but also contributes to a more sustainable operation of the gate.

Furthermore, the protect level of IP55 ensures that this barrier gate is well-equipped to withstand outdoor conditions and continue to perform at its best. Whether it's rain or shine, this gate is designed to provide consistent and dependable access control for vehicles.

Additionally, the boom length of this automatic barrier gate can be customized to a maximum of 6 meters, allowing for flexibility in installation and accommodating various types of vehicles. This customization feature enhances the versatility of this gate, making it suitable for a wide range of applications.

In conclusion, the Automatic Barrier Gate is a reliable and efficient solution for vehicle gate access control systems. With its brushless barrier motor, rainproof protection, low power consumption, and customizable boom length, this gate offers a high level of functionality and performance. Whether you are looking to secure a parking lot, control access to a facility, or manage traffic flow, this barrier gate is designed to meet your needs effectively and reliably.

Features:

Product Name: Automatic Barrier Gate

Usage: Road Traffic Safety

Control Board: DC brushless controller

Power Consumption: 140w

Housing Material: 2.0 Mm Cold Rolled Steel Sheet

Rainproof Protection: IP55 protection rating for reliable operation in various weather conditions

Technical Parameters:

Robust Accessibility	Equipped with an anti-collision system
Usage	Road Traffic Safety
Motor Rated Speed	1500r/min
Remote Control Distance	>30m
Power Consumption	140w
Efficient Functionality	Brushless barrier motor for smooth and energy-efficient gate opening and closing
Power Supply	DC24V
Reliable Brand	Manufactured by CBG, a reputable brand in access control systems
Modern and Sleek Design	Made of durable and corrosion-resistant aluminum alloy
Control Board	DC brushless controller

Applications:

Product Application Occasions and Scenarios for CBG 18B-ZY Automatic Barrier Gate:

CBG 18B-ZY Automatic Barrier Gate is a high-quality vehicle barrier gate that is suitable for a variety of application occasions and scenarios. With its advanced features and durable construction, this security barrier gate is ideal for the following settings:

1. **Parking Lots:** The CBG 18B-ZY Automatic Barrier Gate is perfect for managing vehicle access in parking lots of all sizes. Its fast and reliable operation ensures smooth traffic flow and enhances security.
2. **Residential Communities:** This parking barrier automatic is commonly used in residential communities to control vehicle entry and exit. Its IP55 protect level and sturdy housing material provide long-lasting performance in different weather conditions.
3. **Commercial Buildings:** The CBG 18B-ZY Automatic Barrier Gate is a popular choice for securing entrances and exits of commercial buildings, such as office complexes, shopping malls, and industrial parks. Its robust design and working temperature range of -30~+60 make it suitable for various environments.
4. **Industrial Facilities:** With a supply ability of 2000 Piece/Pieces per Month, this automatic barrier gate is well-suited for industrial facilities that require reliable access control. Its 2mm cold-rolled steel sheet material ensures durability and security.
5. **Event Venues:** For temporary access control solutions at event venues like stadiums, concert halls, and exhibition centers, the CBG 18B-ZY Automatic Barrier Gate is an excellent choice. Its quick delivery time of 3 days and competitive price of \$360.00/pieces for 2-99 pieces make it a cost-effective option.

Overall, the CBG 18B-ZY Automatic Barrier Gate from Guangdong, China, is a versatile and reliable product that meets the diverse needs

of customers in various industries. With a minimum order quantity of 2 pieces and payment terms of T/T, it offers convenience and efficiency in managing vehicle access control.

Support and Services:

The Product Technical Support and Services for the Automatic Barrier Gate include:

- Installation assistance and guidance for setting up the barrier gate system.
- Troubleshooting support for any issues encountered during operation.
- Maintenance recommendations to ensure the barrier gate functions optimally.
- Software updates and firmware upgrades to enhance performance and security.
- Training sessions for users and administrators on operating the barrier gate effectively.

Packing and Shipping:

Product Packaging:

Our Automatic Barrier Gate is carefully packaged to ensure safe delivery to our customers. It is securely placed in a sturdy cardboard box with protective foam padding to prevent any damage during transit.

Shipping:

We offer fast and reliable shipping services for our Automatic Barrier Gate product. Orders are processed promptly and shipped out within 1-2 business days. Customers will receive a tracking number to monitor the delivery status of their package.

FAQ:

Q: What is the brand name of the Automatic Barrier Gate?

A: The brand name of the Automatic Barrier Gate is CBG.

Q: What is the model number of the Automatic Barrier Gate?

A: The model number of the Automatic Barrier Gate is 18B-ZY.

Q: Where is the Automatic Barrier Gate manufactured?

A: The Automatic Barrier Gate is manufactured in Guangdong, China.

Q: What is the minimum order quantity for the Automatic Barrier Gate?

A: The minimum order quantity for the Automatic Barrier Gate is 2 pieces.

Q: What are the payment terms for purchasing the Automatic Barrier Gate?

A: The payment terms for purchasing the Automatic Barrier Gate are T/T.

The packaging of 18B unit motor

1.Put polyurethane foam inside

2.Cover with plastic and put the motor into the carton

3.Seal the carton with tape
