Specification

item	value
Communication Interface	RFID
Place of Origin	China
Barrier open/close time	0.6s
Access control type	RFID
Turnstile function	Automatic
barrier motor	DC 21B motor
Protection Level	IP54
Operation Direction	Automatic
Brand Name	CBG
Material	Aluminum Alloy

Selling Point

- 1.High-quality Durable Material: Crafted from durable Aluminum alloy, the CBG DC 90 Motor Barrier has a strong construction that guarantees optimal performance under varying weather conditions. It is designed to withstand long-term-use, making it an ideal choice for car parking management systems.
- 2.IP54 Weatherproof Protection: With an IP54 rating, this barrier gate is specifically designed to protect against dust ingress and water splashing from any horizontal direction, ensuring that it remains functional and operational in various weather conditions, including rain or heavy snow.
- 3.Rapid Barrier Opening and Closing: The CBG DC90 Motor Barrier boasts an impressive 1.5-second barrier open/close time,

ensuring rapid and efficient control of access to car parking areas, maximizing the efficiency of car parking management systems.

4. Advanced Communication Interface: Equipped with a cutting-edge RFID communication interface, this automotive parking barrier gate system allows for seamless integration with other car parking management and access control systems, streamlining and automating parking processes.

5. DMX512 Support: This high-speed traffic barrier gate also supports DMX512, providing an additional layer of flexibility for integrating with various smart building and parking management systems, further enhancing the convenience and functionality of the car parking management system.

Company Introduction

Shenzhen Chengbang Electromechanical Industry Limited is a renowned manufacturer that specializes in the production of custom-engineered reducers designed for specific applications like road gate systems, gear reduction machinery, aluminum shell motors, and gate motors. With over 10 years of experience as the leading manufacturer of boom barrier mechanisms in China, we currently operate with a workforce of over 100 staff members and three state-of-the-art factories. We are committed to offering tailored solutions catering to the unique requirements of our esteemed clientele by providing specialized designs and individual customer support.

FAQ

1. who are we?

We are based in Guangdong, China, start from 2010, sell to Africa (2.00%). There are total about 101-200 people in our office.

2. how can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment;

3. what can you buy from us?

boom barrier, DC motor, gate road motor, car park barrier, Automation parking gate

4. why should you buy from us not from other suppliers?

We're the manufacturer of boom barrier mechanism in China more than 10 years. The current is more than 100 staffs and 3 factories. We have professional equipment, assembly line production and quality assurance.

We can customize according to customer needs.

5. what services can we provide?

Accepted Delivery Terms: FOB, EXW;

Accepted Payment Currency: USD, EUR;

Accepted Payment Type: T/T, PayPal, Cash;

Language Spoken: English, Chinese
