

IP44 6M Aluminium Alloy Outdoor Automatic Barrier Gate for Parking Security

Our Product Introduction

for more products please visit us on automaticbarriersgates.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: CBG
- Minimum Order Quantity: 2 pieces
- Price: \$300/pieces 2-99 pieces

Product Specification

- Communication Interface: RS485
- Barrier Open/close Time: 3-9s
- Access Control Type: RFID
- Turnstile Function: One-way
- Barrier Motor: DC Brushless Motor
- Protection Level: IP44
- Material: Aluminium Alloy
- Operation Direction: One-way
- Highlight: **IP44 outdoor barrier gate, aluminium alloy parking gate, automatic parking security gate**

CBG[®]

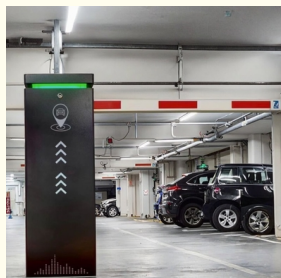

DC BRUSHLESS BARRIER GATE

Product Parameters

- Product model: Highway Boom Barrier
- Overall size: 290*380*1070mm
- Working voltage: DC24V
- Pole length (straight poles): 5.6m, fence poles: 5.6m, sliding arm poles: 5.6m
- Lifting speed: 0.3-0.9S/3-6S (adjustable)
- Power: 140-200W
- Chassis thickness: 1.5mm
- Remote control distance: 20m
- Temperature: -35°C to 60°C
- Humidity: within 90% (no condensation)
- Altitude: within 1000 meters
- Motor: 18S Motor

Product Description

IP44 6M Aluminium Alloy Outdoor Automatic Barrier Gate for Parking Security

Product Specifications

Attribute	Value
Communication Interface	RS485
Barrier open/close time	3-9s
Access control type	RFID
Turnstile function	One-way
Barrier motor	DC Brushless Motor
Protection Level	IP44
Material	Aluminium alloy
Operation Direction	One-way

DC BRUSHLESS BARRIER GATE

Product Parameters

- Product model: Highway Boom Barrier
- Overall size: 290*380*1070mm
- Lifting speed: 0.3-0.9S, 3-6S (adjustable)
- Chassis thickness: 1.5mm
- Temperature: -35°C to 60°C
- Altitude: within 1000 meters
- Working voltage: DC24V
- Pole length: straight poles $\leq 6m$, fence poles $\leq 4m$, folding arm poles $\leq 6m$
- Power: 140-200W
- Remote control distance: 30m
- Humidity within 90% (no condensation)
- Motor: 18B Motor

Key Features

- Designed for outdoor use with 6-meter straight arm barrier gate
- Operates in extreme temperatures (-30°C to 60°C)
- Powered by DC-24V supply with adjustable operating speed (0.8-6 seconds)
- Fully waterproof with IP44 protection rating
- Durable construction with over 5 million operating cycles
- Comes with 2-year warranty from manufacturer
- Easy installation with multilingual instructions (Chinese/English)
- Adjustable for various parking requirements in commercial/residential settings

About the Manufacturer

Shenzhen Chengbang Electromechanical Industry Limited specializes in custom-designed non-standard reducers and motors for road gate applications. With over a decade of experience, we are a leading manufacturer of boom barrier mechanisms in China.

Our product range includes gear reduction machines, aluminum shell motors, and gate motors. We currently employ over 100 staff across three modern manufacturing facilities, with the capability to customize products to meet specific client requirements.

Frequently Asked Questions

Who are we?

We are based in Guangdong, China, operating since 2010. Our company has 101-200 employees and we export to various markets including Africa.

How do we guarantee quality?

We conduct pre-production samples before mass production and perform final inspections before shipment.

What products do we offer?

We specialize in boom barriers, DC motors, gate road motors, car park barriers, and automated parking gates.

Why choose us over other suppliers?

With over 10 years as China's leading boom barrier manufacturer, we offer professional equipment, assembly line production, quality assurance, and custom solutions.

What services do we provide?

We accept FOB and EXW delivery terms, payments in USD/EUR via T/T, PayPal, or Cash, and provide support in English and Chinese.
